

2016 MONTANA NOTARY CONFERENCE WORKSHOP PLANNER

Make the most of your Conference experience by [reviewing the list of workshops](#) and deciding before you arrive which sessions you will most likely want to attend. (The table below shows you what time each workshop is being held.) You can change your mind any time before or during the Conference (“after” is too late) – but this worksheet takes some of the last-minute stress out of the planning process.

To assist us in making the final room assignments, please circle the workshops you think you want to attend, send us a copy and save one for yourself.
